

Brian Meyer

Quality Assurance Analyst

Quality Assurance Analyst with 10+ years of experience in the software and technology fields. During this time I have helped develop an insurance claims system for a major insurance carrier, implemented and tested a new SAP Business One installation and migration, and run continual testing on student information systems. I Can create and execute testing plans ranging from scripted walkthroughs to regression testing. Looking to leverage my attention to detail, focus on results, proven communication skills, and project management strengths in the IT and Quality Assurance world.

Experience

2016-07 - present **QA Analyst**
E-Staff Consulting

Responsibilities:

- Managed testing queue for Agile software design project with major insurance company
- Created testing plans for sprints and major project goals
- Created documentation based on issues and new features
- Worked with developers and stakeholders to get full picture of features and testing
- Hosted showcase meetings with client to go over releases and garner feedback

2008-01 - 2016-07 **Functional Analyst**
Lincoln Learning Solutions

Responsibilities:

- Administer Student Information System (SIS) for 15,000+ students
- Administer Content Management System (CMS) for grades K-12
- Managed teams of 5-10 on a regular basis
- Run testing and validation for continuous development on CMS, SIS, and Financial System
- Implemented new installation of SAP Business One (B1)
- Migrated existing financial system to SAP B1
- Administered SAP B1 for company
- Generation of student, course, and financial reports
- Design and generation of tax forms and reports in SAP B1
- Documentation for internal and external use
- Design testing plans for multiple systems

Volunteer Work

2014 - present **Board Member**
Captain Sean M Ruane Foundation

The Captain Sean M Ruane foundation was started as a way to honor its namesake by providing scholarships to students at Montour High School and beyond. As a family member, I utilize my skills in the project planning, tech, and event planning fields to give the foundation the best possible chance at success. With my help organizing our largest event of the year, this single event has taken in more than \$30,000 in only three years. The charity helps me to mourn

the loss of my cousin, Sean Ruane, while giving graduating high school seniors the best possible chance at success. We also get to tell Sean's story to generations that otherwise wouldn't know his name.

2012 -
present

Board President

Pittsburgh Craft Beer Alliance

My position on the PCBA board has given me the ability to work with businesses and individuals alike while promoting not only craft beer, but small business in the Greater Pittsburgh area. As a board member I have helped to increase donations to the non-profit by more than 100% and have used my communication skills both in person and remotely to garner support and sponsorship year after year.
